About SWAYAM-NPTEL

The **National Programme on Technology Enhanced Learning (NPTEL)** was established in 2003 as a joint initiative by seven Indian Institutes of Technology (IITs) — Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati, and Roorkee — along with the Indian Institute of Science (IISc), Bangalore. NPTEL has been a pioneer in offering high-quality, self-paced learning resources across various disciplines such as engineering, science, and humanities.

Since March 2014, NPTEL has been offering online certification courses, allowing learners to validate their knowledge and skills through proctored exams and earn certificates from esteemed institutions like the IITs and IISc.

Noble University is honoured to be affiliated as an **NPTEL Local Chapter** (LC ID – 6510).

Through this platform, faculty members and students can enroll in a wide range of 4-week, 8-week, or 12-week online courses. These courses are designed to support academic advancement and skill development in specialised and emerging areas. Many of these certifications are also approved by the All India Council for Technical Education (AICTE) under the **Faculty Development Programme (FDP)**, offering added value to faculty members.

Key Benefits:

- Learn from renowned faculty of IITs and IISc.
- Flexible, self-paced learning experience.
- Access to over 900 NPTEL courses.
- Earn performance-based certificates (Participation, Successfully Completed, Elite, Elite + Gold).
- Use university infrastructure to access courses conveniently.
- Receive certification from India's premier technical institutions.
