TARGET AUDIENCE

- 01 Master of Computer Application (MCA)
- 02 Bachelor of Computer Application (BCA)
- 03 Bachelor of Science in Information Technology (B.Sc. IT)
- 04 Bachelor of Technology (B.Tech)

THIS PROGRAM EMPHASIZED

Delivering hands-on training in cutting-edge technologies. Enabling students to work on capstone projects addressing local community.

"TECH NOBLE"

21-03-2025

The faculty of computer application held a "TechNoble" event for BCA /IMCA /B.Sc.IT /MCA on March 21, 2025. The dignitaries Inaugurated the event. The event was open for all at 10:00 AM. Students took part in different activities, including both technical and non-technical ones.

EVENT SUMMERY

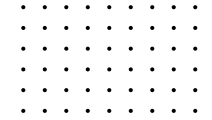

Tech event like Figma Fest, Code Solver, Query Solver, Design Scape, Design Pro, Hidden Ninja Coding and Webify same as non-technical Game Zone, Henna competition, Karaoke Signing Poster Presentation. Approximately 350 students took part in the event.

KEY HIGHLIGHTS

Any individual or group can register their startup for incubation facilitates that individual may be or not the alumni of the Noble University, but should apply up to the age of 35 years, who is.

- A school student of Foundational/Preparatory/Middle/Secondary level (Up to Class 12)
- A Diploma / Vocational / Undergraduate / Postgraduate / Doctoral student or an alumna / alumnus
- Any dropout from school / institute / university. (Required to submit Age/Identity proof likeAadhar Card) etc.

SSIP GRANT & PROJECT

- Hirpara Radhe, a BCA student currently in his 6th semester, received a grant of ₹1,10,000 from SSIP during his 4th semester. He is still actively working on his project. Recently, he used ₹65,000 from this grant to purchase a camera, with the college facilitating the transaction from his allocated funds.

SSIP AT FACULTY OF COMPUTER APPLICATION

- The SSIP faculty within the Computer Application department at Noble University actively promotes innovation through several key initiatives:
- Financial Support : This includes funding opportunities, as well as assistance with securing intellectual property rights such as patents, copyrights, and trademarks.
- Guidance and Expertise : The university provides mentorship programs to guide aspiring entrepreneurs.
- The university collaborates with government initiatives and offers access to valuable resources such as workshops, events, and mentorship programs designed to accelerate the growth of student startups.

"From Campus to
Spotlight"

ABOUT US

- Noble University successfully organized its much-awaited Annual Sports Week from 24-02-2025 to 01-03-2025, bringing together students, faculty members in the spirit of sportsmanship, teamwork, and healthy competition. The event was a vibrant celebration of physical fitness, unity, and talent.
- Sports week 2025 concludes with a bang, featuring 17 exciting game sand over 500 enthusiastic student participants, featuring 17 incredible games. Congratulations to all the Champions.

EVENT SUMMERY IN BRIEF

On July 10th to 15th, the faculty of computer application held "Prarambh" for BCA/IMCA/B.Sc.IT/MCA 1st sem. The program started At 8:00 AM. First students visited whole campus till 10:00 AM. Next student were addressed to auditorium for lamplighting ceremony. The event was Inaugurated by our honourable management team of thw university, Mr.V.P.Trivedi,Dr.Manish Trivedi, V.C. sir Dr. Dr. H.N. Kher, Dr. C.D.Sankhavera, Dean of FCA dept. After that students enjoyed the speeches given by our honourable V.C sir, Trustee shree V.P.Trivedi sir and dean sir.

Programs Were Conducted By FCA Faculties Which Is listed Below:

- 01** Logic development and practices techniques by Prof. Paresh Vora.
- 02** Logo Design by Dr. Hirenkumar Thakor
- 03** Gsuit by Prof. Bhargav Rajyagor
- 04** Computer Fundamental & it's trends by Prof. Sarika Odiya

PRARAMBH - ORIENTATION PROGRAM

10/7/2023 to 15/7/2023

List of Attendees: 250

"JANMASHTAMI CELEBRATION"

Janmashtami commemorates the birth of Lord Krishna, a revered and powerful incarnation of Lord Vishnu. According to the Hindu calendar, this event is observed on the Ashtami of Krishna Paksha, the 8th day of the dark fortnight of Shraavan. Historically, this day symbolized the beginning of hope for the end of Kansa's oppressive reign.

COORDINATOR
PROF. GUNJA DAVE

The celebration reached a spiritual peak when all departments united for a Maha Aarti. The vibrant festivities aimed to instil values of sharing and respect among the students.

OUR CELEBRATION

ON AUGUST 23, 2024

The Faculty of Computer Applications celebrated Janmashtami with great enthusiasm to seek the blessings of Lord Krishna. The atmosphere was infused with the sweet scent of flowers, calming camphor, and the gentle chime of bells. Students crafted a Hindola for Lord Krishna, and the department came together to celebrate, embracing the creativity of young minds. A grand offering, "Chhappan Bhog," was prepared for the deity. The premises were beautifully decorated, exuding the festive spirit.

The Faculty of Computer Application organized an industrial visit to Tops Technologies, BISAG Institute, Science City located at Gandhinagar, on 01/03/2025.

INDUSTRIAL VISIT

The objective of the visit was to provide students with practical exposure to industrial operations, technological advancements, and real-world applications in their field of study.

INDUSTRY INSIGHTS

- To bridge the gap between theoretical learning and practical applications.
- To understand the latest technologies and industry practices.
- To gain insight into real-world problem-solving in an industrial environment.
- To interact with industry professionals and understand workplace ethics.

KEY LEARNING & OBSERVATIONS

TECHNICAL INSIGHTS

Understanding of new technologies, software, or machines used in the industry.

INDUSTRIAL WORKFLOW

How do different departments coordinate to complete a project?

01. The industrial visit to Tops Technology, BISAG Institute and Science city was a success learning experience.

It provided students with valuable industry exposure, enhanced their understanding of real-world applications, and motivated them towards professional growth.

03. We extend our sincere gratitude to Tops Technology, BISAG Institute and Science city and its management team for allowing us to visit and providing valuable insights.

02.

STUDENT FEEDBACK

Our students found the visit to be highly informative and insightful. They appreciated the opportunity to interact with professionals and observe real-time applications of their academic learning. Some students expressed interest in future internships or projects with the industry.

CAREER INSIGHTS

- Industrial internship with stipend.
- Placement opportunity
- Job offers.

DAY CELEBRATION

ABOUT US

The Faculty of Computer Applications at noble university hosted a dual-themed event to celebrate both Formal Day and Traditional Day. The event aimed to bring together faculty members and students, foster unity, celebrate academic achievements, and honor the rich traditions of the field of computer science. The event was a successful fusion of professional excellence and cultural pride.

"WHERE
CULTURE MEETS
CREATIVITY"

HIGHLIGHTS OF THE DAY CELEBRATION

- Formal Day: To recognize outstanding academic and extracurricular achievements within the Faculty of Computer Applications.
- Traditional Day: To celebrate and preserve cultural traditions, both from the field of computer applications and the broader cultural context of the students and faculty.

Formal Day was a great success in recognizing the academic achievements and leadership of the students, while Traditional Day gave everyone an opportunity to appreciate the cultural diversity that makes the faculty unique.

TEACHERS' DAY CELEBRATION

September 5, 2024

To honor and express gratitude towards the teaching faculty for their invaluable contributions in shaping students' futures. The Teachers' Day celebration at the Faculty of Computer Application, Noble University was a great success.

EVENT HIGHLIGHTS

It not only paid tribute to the teaching staff but also strengthened the student-teacher bond. The event was marked by gratitude, creativity, and mutual respect embodying the spirit of education and appreciation. Students enthusiastically participated by giving speeches and presentations. These covered topics like the importance of teachers, experiences shared with faculty members..

THE EVENT WAS CONDUCTED IN A WELL-ORGANIZED MANNER WITH PROPER PLANNING

Students enthusiastically participated by giving speeches and presentations. These covered topics like the importance of teachers, experiences shared with faculty members.

Interactive Sessions & Engagement

3 DAYS WORKSHOP ON "MODERN WEB DEVELOPMENT"

MERN STACK

DATES: MARCH 17-19, 2025

MONGODB, EXPRESS.JS, React.js, Node.js

Faculty of Computer Application - Noble University successfully organized a three-day hands-on workshop on Full-Stack Web Development using the MERN Stack (MongoDB, Express.js, React.js, and Node.js), aimed at enhancing the technical skills and industry readiness of its students. sessions were conducted by industry expert, an experienced React Developer from Infocado Infotech Pvt. Ltd.

CONTACT US

Bhesan Road junagadh
info@nobleuniversity.ac.in
<https://nobleuniversity.ac.in>

DAY 1: BACKEND DEVELOPMENT WITH NODE.JS, EXPRESS.JS, MONGODB & MYSQL

The first session focused on introducing students to backend technologies.

Mr. Dobariya provided in-depth knowledge of server-side development using Node.js and Express.js, enabling students to build RESTful APIs.

A comparative overview of MongoDB (NoSQL) and MySQL (SQL) was also presented, highlighting their respective use cases in real-world applications. Students developed a basic "To-do List" API, implementing core CRUD operations testing and validation.

DAY2: FRONTEND DEVELOPMENT WITH REACT.JS

The second day centered on frontend technologies, particularly the React.js library. Participants learned component-based architecture, state management, and the use of props, laying the foundation for scalable front-end development.

Key topics included React Router for client-side navigation and dynamic rendering within single-page applications. Under the guidance of Mr. Dobariya, students successfully designed and built the user interface for their "To-do List" application, connecting it to the backend developed on Day 1.

DAY 3: FULL-STACK INTEGRATION AND AUTHENTICATION

The final session emphasized integration techniques and security concepts. Students combined their front-end and back-end applications into a fully functional full-stack project. The workshop introduced JWT (JSON Web Tokens) for implementing authentication and route protection. Practical demonstrations included testing secured routes with authorization headers via Postman, enabling students to simulate real-world login functionalities.

FEES / SCHOLARSHIP

B.C.A. & B.Sc.I.T.

Fees: ₹50,000/- Per Year (Academic Year 2026-27)
